Summary

I am a **React JS Developer** with over **1 year of experience** in designing and developing user-friendly, responsive web applications. Proficient in **ReactJS, JavaScript, Tailwind CSS, Node.js, CSS, and HTML5**. Adept at collaborating with cross-functional teams to deliver high-quality solutions that enhance user experience. Strong problem-solving skills and a passion for staying up-to-date with the latest industry trends and technologies.

Skills

- Language : **JavaScript (DSA), C++ , HTML5, CSS**
- Frameworks/Libraries: **React.js (Redux, React Router, Rest api), Tailwind CSS, Node.js**
- Tools: **Git (GitHub, GitLab), Netlify, VS Code**

Experience

React.js developer, **Tecspeak it Solutions Kolhapur, India**   **03/2023 – present**

In my role as a React.js Developer at a banking application, I design and develop user-friendly web interfaces using React.js, Redux, and React Router. I collaborate with cross-functional teams to integrate front-end solutions with back-end services, ensuring seamless functionality. My responsibilities include state management, API integration, and UI/UX design optimization. I conduct thorough testing and debugging to maintain code quality and performance. Additionally, I document project details, provide technical support, and stay updated with industry trends to deliver high-quality solutions that enhance user experience and meet business requirements effectively..

Projects

• **Gemini AI Project:** **Link** Developed a clone using React.js, Redux, React Router, and Tailwind CSS for responsive design. Integrated real-time search functionality and API calls for dynamic content. Collaborated with a cross-functional team, conducted testing, and optimized performance.

• **Google Search Engine:** **Link** Implemented real-time search functionality and API integration for live search results.Conducted thorough testing, debugging, and documentation to ensure code quality and functionality.

• **University website:** **Link** Developed a University web app to provide Information about university and contact. Using api managing all active. Using react.js, tailwind css build web app & user friendly experience.

Education

B.Tech, in Electronics & Communication Engineering,   **2019 – 2023**

Visvesvaraya Technological University   Belagavi, India

CGPA : 7.1/10

Certificates

Karnataka State Council for Science And Technology

Final Year Project Selected and provide scholarship
